# Product Disclosure Statement

**Dated 1 November 2016**

## **Products**

Pie Global Small Companies Fund

## **Issued by**

Pie Funds Management Limited

## **Replacement PDS**

This is a replacement PDS, replacing the PDS dated 20 July 2016.

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose) Pie Funds Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

# 1. Key information summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Pie Funds Management Limited ('Pie Funds', 'we', 'us' or 'our') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Pie Funds and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

One investment option is offered under this PDS. The investment being offered is units in the Pie Global Small Companies Fund (the Fund) which is a fund within the Pie Funds Management Scheme.

This investment option is summarised below. More information about the investment target and strategy for the investment option is provided at the 'Description of your investment options' section on page 8.

<b>Pie Global Small Companies Fund</b>																						
<b>Brief description of the fund and its investment objective</b>	<p>The Fund will seek to provide you with long term capital growth by accessing the higher potential growth of Smaller Companies by investing in managed funds from around the world that focus on investing in Smaller Companies.</p> <p>In addition, the Fund will also invest directly in globally listed or unlisted Smaller Companies, cash and may invest in exchange traded funds (ETFs) and in Other Pie Funds Products (defined below).</p> <p>The risk indicator of the Global Fund is 5, which means that the volatility of the fund is high.</p>																					
<b>Risk indicator</b>	<table border="1"><thead><tr><th colspan="3">&lt; Potentially Lower Returns</th><th colspan="4">Potentially Higher Returns &gt;</th></tr></thead><tbody><tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td><td>6</td><td>7</td></tr><tr><th colspan="3">&lt; Lower Risk</th><th colspan="4">Higher Risk &gt;</th></tr></tbody></table>	< Potentially Lower Returns			Potentially Higher Returns >				1	2	3	4	5	6	7	< Lower Risk			Higher Risk >			
< Potentially Lower Returns			Potentially Higher Returns >																			
1	2	3	4	5	6	7																
< Lower Risk			Higher Risk >																			
<b>Fees</b>	<p><b>Annual fund charges:</b> 3.16%</p> <p><b>Performance-based fee:</b> Performance-based fees are charged. Please see 'What are the fees?' on page 11 for more information.</p>																					

See 'What are the risks of investing' on page 9 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://www.sorted.org.nz/tools/investor-kickstarter>

## Who manages the Global Fund?

Pie Funds is the manager of the Fund. Please see 'Who is involved?' on page 13 for more information.

## What are the returns?

We do not intend to make any regular distributions from the Fund, but we retain the discretion to do so. Please see 'How does this investment work?' on page 5 for more information. Your total returns will be made up of movements in the Fund's unit price and any distributions.

## **How can you get your money out?**

Investments in the Fund are redeemable. You may withdraw all or part of your investment in the Fund (subject to the applicable minimum withdrawal amount and any deferral or suspension of withdrawals) by delivering a notice in writing to us to that effect (Withdrawal Request). Please see 'Withdrawing your investments' on page 6 for more information.

Your investment in the Fund can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

## **How will your investment be taxed?**

The Fund is registered as a portfolio investment entity (PIE) for tax purposes. The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 0%, 10.5%, 17.5%, or 28%. See section 6 of the PDS 'What taxes will you pay?' on page 13 for more information.

## **Where can you find more key information?**

Pie Funds is required to publish quarterly updates for the Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest Fund updates are available at [www.piefunds.co.nz](http://www.piefunds.co.nz) We will also give you copies of those documents on request.

## 2. How does this investment work?

### How the Fund works

The Fund is offered under a registered management investment scheme (the Scheme) under the Financial Markets Conduct Act 2013 (the FMCA). The Scheme is known as the Pie Funds Management Scheme and is governed by a trust deed (the Governing Document) dated 20 July 2016 (as amended) between Pie Funds and Trustees Executors Limited (the Supervisor). The Fund is established as a separate trust within the Scheme.

The Fund is an investment that enables you to pool your funds with those of others. This pool is used to buy investments that are managed on behalf of all investors in the Fund. Your interests are represented by units, which confer an equal interest in the Fund and are of equal value, rather than directly receiving an interest in the Fund's assets. Your units will represent the value of your interest in the Fund.

The number of units you receive is dependent on the amount of money you invest and the unit price as at the date your application is processed. The value of units in the Fund fluctuates according to the changing value of the assets in which the Fund is invested. It is intended that the Fund will be valued on each business day and unit prices are published monthly (generally on the last day of each month).

You can increase the number of units you hold by making an investment, or decrease the number of units you hold by making a withdrawal.

As at the date of this PDS, we do not intend to make any regular distributions from the Fund, but we retain the discretion to do so. Instead, income will be retained in the Fund and reflected in the unit price.

Your total returns are determined by changes in the value of the underlying assets in the Fund and reflected in movements in the Fund's unit price and any distributions to you. The key factor that will determine the value of your returns is the value of the investments made by the Fund. The total value of your investment at any time is the number of units you hold multiplied by the current unit price.

The assets of the Fund are the exclusive property of the Fund and the liabilities of the Fund are the exclusive liabilities of the Fund. The assets of the Fund are not available to meet the liabilities of any other fund in the Scheme.

### Significant features

The Fund has been established to provide investors with the opportunity to gain exposure to managed funds from around the world that focus on investing in Smaller Companies. The Fund will also invest directly in globally listed or unlisted Smaller Companies, cash and may invest in exchange traded funds (ETFs).

In addition the Fund may also invest through Other Pie Funds Products which predominantly focus on investment in listed Smaller, Emerging and Medium Companies, including at present the Pie Australasian Growth Fund (the Growth Fund), the Pie Australasian Dividend Fund (the Dividend Fund), the Pie Australasian Emerging Companies Fund (the Emerging Companies Fund) and the Pie Growth 2 Fund (the Growth 2 Fund), the Pie Growth UK & Europe Fund (the Growth UK & Europe Fund) (together, the Other Pie Funds Products).

The Other Pie Funds Products predominantly focus on investment in Australian, New Zealand, UK and European listed equities of Smaller, Emerging and Medium Companies whose potential we do not consider to be fully realised by the market, but where we consider the value is greatest and the opportunity of earnings growth is high. Direct investments would be made with the same predominant focus.

By Smaller Companies, we mean companies the shares in which we determine have a small Market Capitalisation (the total value of the company's shares on issue) relative to the exchange that they are listed on. Smaller Companies includes Emerging Companies.

By Emerging Companies, we mean companies the shares in which at the time of investment have a Market Capitalisation of up to \$250 million in local currency.

By Medium Companies, we mean companies the shares in which we determine have a medium Market Capitalisation relative to the exchange that they are listed on.

By ETFs, we mean a marketable security that tracks an index, a commodity, bonds, or a basket of assets like an index fund.

We seek to identify managed funds to invest in whose managers have similar characteristics to us.

During periods of uncertainty, the Fund can increase its cash position up to a maximum of 100% of the portfolio to mitigate the risk of a severe decline in the value of the Fund's units.

## Significant benefits

Investing in the Fund offers a range of benefits, including:

- **Access to investments:** The Fund provides exposure to managed funds from around the world. The Fund may also invest directly in global listed and unlisted Smaller Companies, cash and ETFs, and in Other Pie Funds Products.
- **Investment return:** The Fund aims to provide you with long term capital growth by accessing the higher potential growth of predominantly Smaller Companies.
- **Team:** The Fund offers access to an experienced investment team, with particular expertise in managing investments in Smaller Companies. They actively manage the Fund.
- **Reporting:** Fund performance information is available at [www.piefunds.co.nz](http://www.piefunds.co.nz). In addition, you will receive quarterly fund updates and access to an Annual Report and an annual PIE tax certificate following the Fund's financial year end (31 March).

## Making investments

As at the date of this PDS, the minimum initial investment amount for the Fund is \$25,000. Pie Funds may change the minimum initial investment amount from time to time.

You may invest any amount from the minimum initial investment amount up to any maximum amount determined by us in New Zealand dollars by completing the application form accompanying this PDS (the Application Form) and sending your original Application Form and cheque to Pie Funds at the address specified in the Application Form. Direct credit payments should be paid to T.E.A. Custodians Limited's bank account (in its capacity as the custodian of the Fund) as detailed in the Application Form.

The Fund is not currently 'soft closed', however Pie Funds has the ability to 'soft close' the Fund to further investments at any time without notice to investors. In the event the Fund is 'soft closed', it may have only limited capacity offerings made from time to time at our discretion.

The minimum additional investment amount is \$1,000.

Subject to the Governing Document, we can vary or waive minimums either generally or for selected investors.

## Withdrawing your investments

You may withdraw all or part of your investment in the Fund by delivering a Withdrawal Request to us (subject to the minimum withdrawal amount and any deferral or suspension of withdrawals). Withdrawals will generally be effected within 20 business days of receiving a Withdrawal Request. You will receive the unit selling price on the day the withdrawal is processed, not the day the Withdrawal Request is received. The unit

selling price is calculated by dividing the net asset value of the Fund by the number of units on issue in the Fund at the time the Withdrawal Request is effected.

The minimum withdrawal amount is \$1,000 (unless the Withdrawal Request relates to all units held by you in the Fund). You will generally not be permitted to decrease your investment in the Fund to less than the applicable minimum investment amount (\$5,000 if your initial investment in the Fund was made up to and including 30 September 2014, and \$25,000 if your initial investment in the Fund was made on or after 1 October 2014) (unless the withdrawal relates to all units held by you in the Fund).

We may, on 30 days' written notice, compulsorily withdraw your units from the Fund if your balance falls below the minimum investment amount of the Fund and pay the proceeds to your nominated bank account. In certain cases, we may also withdraw your units if it is necessary for the Fund to maintain PIE status.

### **Right to sell units**

Provided the applicable minimum investment amount is met, you may sell or transfer all or any of the units you hold in the Fund. The transfer instrument must be in writing in any usual or common form which we approve and signed by both the transferor (you) and the transferee (the person the units are being sold or transferred to). We can decline to register a transfer if the withdrawal conditions detailed above are not met, if any duties, taxes or other commissions, fees and charges are unpaid or for non-compliance with the law.

### **Suspending withdrawals**

We may suspend Withdrawal Requests in respect of the Fund:

- for a period determined by us if Withdrawal Requests (received in a three month period) relate to more than 5% of the number of units on issue for the Fund and we consider that it is in the general interests of all investors in the Fund to do so in accordance with the Governing Document;
- for a period determined by us if Withdrawal Requests (received in a three month period) relate to more than 10% of the number of units on issue for the Fund (after notifying the Supervisor); and
- for up to 90 days (or such other period determined by the Manager in consultation with the Supervisor) if we determine that the withdrawal is not practicable, would or may be prejudicial to the general interest of investors in the relevant Fund, or is not desirable for the protection of the relevant Fund, or would threaten the Fund's eligibility for PIE status and we give a repayment suspension notice to the relevant investors and the Supervisor.

Where Withdrawal Requests are suspended, the withdrawal price payable to investors will be calculated on the day the units are withdrawn. We can vary or waive the minimum withdrawal amounts at any time.

### **How to switch between funds**

As at the date of this PDS, you may only switch from the Fund to the Pie Cash Plus Fund (the Cash Plus Fund), the Pie Growth 2 Fund (the Growth 2 Fund) or the Pie Growth UK & Europe Fund (the Growth UK & Europe Fund) by delivering a notice in writing to us. The minimum switch amount is \$1,000, provided the amount held in the funds you are switching from and to is at least the applicable minimum initial investment amount for the funds. Unless the switch is in respect of your entire investment in the Fund, you must have a remaining balance in the Fund of \$5,000 if your initial investment in the Fund was made up to and including 30 September 2014, and \$25,000 if your initial investment in the Fund was made on or after 1 October 2014. Please refer to the Product Disclosure Statements for the Cash Plus Fund, the Growth 2 Fund and the Growth UK & Europe Fund for more information.

A request to switch will be treated as though it was both a Withdrawal Request and an application for units in the Cash Plus Fund, the Growth 2 Fund or the Growth UK & Europe Fund and we will apply the withdrawal proceeds in payment of the application moneys due. Each unit sold or issued by us in accordance with a switch request will be sold or issued at the relevant unit price.

### 3. Description of your investment option(s)

<b>Pie Global Small Companies Fund</b>																						
<b>Investment objectives and investment strategy</b>	<p>The Fund will seek to provide you with long term capital growth by accessing the higher potential growth of Smaller Companies by investing in managed funds from around the world that focus on investing in Smaller Companies.</p> <p>The Fund will also invest directly in global listed or unlisted Smaller Companies, cash and may invest in ETFs and in Other Pie Funds Products.</p> <p>The Fund will seek to identify managed funds to invest in whose managers have similar characteristics to us.</p>																					
<b>Risk indicator*</b>	<table border="1"> <thead> <tr> <th colspan="4">&lt; Potentially Lower Returns</th> <th colspan="3">Potentially Higher Returns &gt;</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>2</td> <td>3</td> <td>4</td> <td>5</td> <td>6</td> <td>7</td> </tr> <tr> <td colspan="4">&lt; Lower Risk</td> <td colspan="3">Higher Risk &gt;</td> </tr> </tbody> </table>	< Potentially Lower Returns				Potentially Higher Returns >			1	2	3	4	5	6	7	< Lower Risk				Higher Risk >

	<p>*Market index returns as well as the Fund’s actual returns have been used to fill in the risk indicator, as the Fund commenced less than 5 years ago. As a result of market index returns being used, the risk indicator may provide a less reliable indicator of the potential future volatility of the Fund. Market index returns were used for the period from 1/07/2011 to 31/08/2013.</p>																					
<b>Time frame</b>	5 years minimum																					

The Scheme has a Statement of Investment Policy and Objectives (the ‘SIPO’) that Pie Funds has established in consultation with the Supervisor. The SIPO sets out the investment philosophy, strategies and objectives for the Fund. Pie Funds may make changes to the SIPO and provides the Supervisor with prior written notice of these. If we propose to change the SIPO in a manner which materially affects investors, we will also give affected investors at least 30 days’ prior written notice of the change. Further information about the assets in the Funds can be found in the fund updates (when prepared) and the SIPO available at [www.piefunds.co.nz](http://www.piefunds.co.nz) and on the Disclose website at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose)

# 4. What are the risks of investing?

## Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

< Potentially Lower Returns				Potentially Higher Returns >		
1	2	3	4	5	6	7
< Lower Risk				Higher Risk >		

For the risk indicator for the Fund, see pages 2 and 8.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-kickstarter](http://www.sorted.org.nz/tools/investor-kickstarter)

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading 'Other specific risks') that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the period from 1 October 2011 to 30 September 2016. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for this fund.

## General investment risks

Some of the things that may cause the Fund's value to move up and down, which affect the risk indicator, are:

- **Company specific risk:** the Fund may be affected by unexpected changes in a company's operations, shareholder base, governance and/or ownership structure, business environment or solvency;
- **Market risk:** the performance of the Fund will be affected by the performance of investment markets generally. The value of investments may go up or down in line with market movements. Markets will be affected by a range of factors including investor sentiment, political events, inflation, prevailing interest rates, economic and regulatory conditions and broader events like changes in technology and environmental events;
- **Investment manager risk:** investment management decisions (such as allocation of the Fund's investments between asset classes, investment sectors and individual investments) made by us or any underlying fund manager may affect the Fund's returns, as will the performance of the businesses underlying the investments;
- **Currency risk:** as a portion of the underlying investments of the Fund may be invested in overseas jurisdictions in foreign currencies, returns may be affected by movements between other currencies and the New Zealand dollar;
- **Derivative risk:** the Fund may use derivative instruments such as futures and options. Derivatives are financial contracts whose value depends on the future value of underlying assets such as shares, bonds, currency or cash. As a result of using derivative instruments, the investment movements may

be more volatile than if the Fund is invested solely in shares. Risks associated with derivative instruments include the Fund not being able to meet their respective payment obligations as they arise;

- **Product risk:** changes made to the Fund, including changes to investment strategy, fees and charges or minimum investment amounts could impact on the Fund's returns.
- **Managed Fund Risks:** in addition to the risks outlined above, the following risks apply specifically to the Managed funds that the Global Fund invests in:
  - **Loss of liquidity across many markets risk:** this makes it difficult or impossible to value the underlying investments in a managed fund. This situation can occur when market trends put stress on the banking system, the exchanges traded on and monetary authorities;
  - **'Style drift' risk:** if an underlying fund manager changes the way they trade or the markets they trade in, then the Fund may end up with investment risks which Pie Funds is not aware of. An underlying fund manager may not be successful in generating acceptable returns;
  - **Key personnel:** the departure of the managed fund's key personal can affect its performance;
  - **Information risk:** to be able to report and review on the managed funds, Pie Funds must to rely on the accuracy and completeness of the information provided to them by the fund managers. Pie Funds may not be able to verify the information we are given.

## Other specific risks

- **Key personnel:** the departure of any of Pie Funds' key personnel could impact on the performance of the Fund if we were unable to recruit a suitable replacement. Pie Funds has a small team of 19 staff many of whom have had a long tenure at Pie Funds.

## 5. What are the fees?

You will be charged fees for investing in the Fund. Fees are deducted from your investment and will reduce your returns. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term:
- one-off fees (for example, switching fees).

Fund	Annual fund charges (estimate) % of NAV
<b>Pie Global Small Companies Fund</b>	3.16%

Annual fund charges include an estimate of performance-based fees based on a Return of 10% p.a. for the Fund and for the Other Pie Funds Products in which the Fund invests. The annual fund charges also include an estimate of the management and performance fees charged within each of the underlying unrelated managed funds. We have used the total expense ratios quoted by the underlying unrelated managed funds to help us with this estimate. Actual fund charges will depend on the actual performance of the underlying investments and this will vary from the estimates. Actual charges over the last 12 months are available in the latest fund updates (when prepared). For more information on the basis of estimation of fees and expenses, see the Other Material information ('OMI') document at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose)

### Annual fund charges

The annual fund charges for the Fund is made up of:

- the management fee; and
- the performance-based fee.

#### Management fee

The Fund has an annual management fee which is accrued on a daily basis and paid to Pie Funds monthly in arrears.

As at the date of this PDS, the annual fund charges consist of a management fee of 1% of the gross asset value the Fund, subject to a minimum of \$150,000 per year.

Pie Funds pays the Supervisor's fees, custodian's fees and all expenses associated with the running of the Fund (excluding any brokerage or transaction fees incurred for buying and selling investments). As at the date of this PDS, these fees and expenses will not affect the amount of returns to investors from the Fund.

Management fees are charged within the managed funds (including the Other Pie Funds Products) in which the Fund invests. These fees are deducted from within each of the managed funds and will therefore affect the amount of your returns from the Fund.

#### Performance-based fees

We are also paid a performance-based fee in relation to the Fund where the net asset value per unit for the Fund exceeds the Fund's High Water Mark. The performance-based fee is calculated by multiplying 10% of the Return for the Fund for the relevant period by the number of units in the Fund at the end of that period.

The High Water Mark is the net asset value per unit (before tax) at the end of the most recent period in respect of which a performance-based fee was paid to us (or, where no such fee has been paid, the commencement of the fund). The High Water Mark for the Fund can be reset every two years at our

discretion, after consultation with the Supervisor. Because of the High Water Mark, and subject to any reset, no fee or a reduced fee is paid where the Fund is recovering any losses incurred by it.

The Return is the dollar amount by which the net asset value per unit (before tax) exceeds the High Water Mark for the applicable period. The performance-based fee has no maximum limit.

Performance-based fees may be charged, within the managed funds (including the Other Pie Funds Products) in which the Fund invests. These fees are deducted from within each of the managed funds and will therefore affect the amount of your returns from the Fund.

The performance-based fee for each of our funds is accrued each business day and payable six monthly within 10 business days of 31 March and 30 September (Growth Fund, Emerging Companies Fund and Growth 2 Fund) and 30 June and 31 December (Dividend Fund and Global Fund), provided this can be changed by agreement between us and the Supervisor.

There is no hurdle rate of return applied to our funds. This means that there is no minimum return, (other than the High Water Mark) that must be achieved before a performance-based fee applies. Our funds' performance-based fees are not linked to the performance of a benchmark.

## Various individual action fees

As at the date of this PDS, there are no individual action fees charged in respect of the Fund. Under the Governing Document, Pie Funds can introduce entry or exit fees, buy/sell spread or a switching fee on three months' written notice to investors.

## Example of how fees apply to investors in the Pie Global Small Companies Fund

Lucy invests \$10,000 in the Pie Global Small Companies Fund.

Lucy is charged management and administration fees which work out to be about \$189 p.a. (1.89% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

The Other Pie Funds Products in which the Fund invests directly or indirectly may also charge a performance-based fee if those funds earn more than their target. Any performance-based fee charged in an underlying fund will be reflected in the value of Lucy's investment in the Fund.\*

\* Unrelated underlying fund management and performance fee amounts are included in the management and administration fee amount.

## Estimated total fees for the first year

Fund charges: \$316.00\*\*

\*\*Fund charges include estimated direct and underlying management and administration charges (about \$189), and an estimate of our performance-based fees based on a Return of 10% p.a. for the Fund and the Other Pie Funds Products (about \$127).

See the latest fund update for an example of the actual returns and fees investors were charged over the past year. This example applies only to the Pie Global Small Companies Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

Either Pie Funds or the Supervisor may increase fees or impose new fees (for example, entry or exit fees or switching fees) in relation to the Fund on giving three months' written notice to investors. There is no limit to the amount to which a fee can be amended.

Pie Funds must publish a fund update for the Fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at [www.piefunds.co.nz](http://www.piefunds.co.nz)

## 6. What taxes will you pay?

The Fund is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to the Application Form. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Pie Funds your PIR when you invest or if your PIR changes. If you do not tell Pie Funds, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax.

Please refer to the OMI for further information on the tax consequences of your investment.

## 7. Who is involved?

### About the Manager

Pie Funds is a boutique fund manager established in 2007 which, as at the date of this PDS, manages seven funds under the Scheme. Our aim is to minimise risk and maximise profit through the application of our specialised investment philosophy, methodology and expertise, providing you with above average investment returns by investing in a concentrated portfolio of hand picked Australian and New Zealand listed Smaller Companies, Medium Companies and/or Emerging Companies.

### Pie Funds

Level 1  
1 Byron Avenue  
Takapuna  
Auckland 0622  
Attention: Client Services Manager  
Telephone: +64 9 486 1701  
Email: clients@piefunds.co.nz

### Who else is involved?

	Name	Role
<b>Supervisor</b>	Trustees Executors Limited	Responsible for supervising the Fund under the Financial Markets Conduct Act 2013, responsible for supervising Pie Funds as manager of the Fund.
<b>Custodian</b>	Trustees Executors Limited (acting through its nominee company T.E.A. Custodians Limited)	Appointed by the Supervisor to hold assets of the Fund on behalf of investors.
<b>Administration Manager</b>	Securities Services division of Trustees Executors Limited	Appointed by Pie Funds to provide administration functions for the Fund.

## 8. How to complain

Complaints about your investment can be made to your financial adviser or Pie Funds at the address under the heading 'Who is involved?' on page 13. If you need further information or you are still not happy you may choose to contact the Supervisor at:

### **Trustees Executors Limited**

Level 7  
51 Shortland Street  
PO Box 4197  
Auckland 1140  
Attention: Business Manager  
Telephone: +64 9 308 7100  
Facsimile: +64 9 308 7101

Both Pie Funds and the Supervisor are required to be a member of an approved dispute resolution scheme. If your complaint has not been resolved, or if you are not happy with the resolution, you may make a complaint to either our, or the Supervisor's, dispute resolution scheme. The approved dispute resolution scheme providers will not charge a fee to you to investigate or resolve a complaint, and can be contacted at:

## 9. Where you can find more information

Further information relating to the Scheme and the Fund can be found on the offer register and scheme register (for example, financial statements) at [www.business.govt.nz/disclose](http://www.business.govt.nz/disclose). You are entitled to a copy of the information on the offer register or scheme register on request to the Registrar. You can also obtain a copy of any of these documents on request and free of charge from Pie Funds at the address under 'Who is involved?' on page 13.

## 10. How to apply

Every person wishing to apply for units in the Fund must complete and lodge with us an Application Form and pay any required application monies, or transfer to the Fund the authorised investment agreed to be acquired by us.

We may in our absolute discretion accept or reject, in whole or in part, any application or postpone the processing of the application pending receipt of cleared funds. We are not required to give any reasons for a refusal or a postponement. Application monies received in respect of rejected applications will be refunded as soon as practicable, without interest.

Pie Funds has the ability to 'soft close' the Fund to further investments. In the event the Fund is 'soft closed', it will have only limited capacity offerings made from time to time at our discretion.
