

Fund Update

PIE FUNDS MANAGEMENT SCHEME: PIE AUSTRALASIAN GROWTH FUND

Fund update for the quarter ended: 31.03.17

This is a replacement fund update and replaces the previous 31 March 2017 version. The change reflected is to the benchmark index used for comparative purposes to ensure compliance with the regulations governing this fund. The new benchmarks now incorporate dividends in calculating returns. This version will be first made publicly available on 14 June 2017.

What is the purpose of this update?

This document tells you how the Pie Australasian Growth Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Pie Funds Management Limited (Pie Funds) prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

The Pie Australasian Growth Fund will seek to provide investors with long term capital growth by investing predominantly in a concentrated portfolio of hand-picked listed Australian and New Zealand Smaller Companies, where Pie Funds considers value is greatest and the opportunity of earnings growth is high. The Pie Australasian Growth Fund may also invest in other types of financial products such as cash and unlisted equities.

Net Asset Value	\$73,934,653.53 as at 31.03.17
Date the fund started	03.12.07

How has the fund performed?

	Average over past 5 years	Past Year
Annual return (after deductions for charges and tax)	15.73%	-3.29%
Annual return (after deductions for charges but before tax)	15.51%	-4.31%
Market Index annual return (reflects no deduction for charges and tax)	2.28%	13.67%

The S&P/ASX Small Ordinaries Accumulation Index (XSOAI) represents the small cap members of the S&P/ASX 300 Index, but excludes those in the S&P/ASX 100 Index. The index provides a benchmark for small to medium cap investments and incorporates dividends.

Additional information about the market index is available on the offer register.

What are the risks of investing?

Risk indicator for the Pie Australasian Growth Fund

< Potentially Lower Returns				Potentially Higher Returns >		
1	2	3	4	5	6	7
< Lower Risk				Higher Risk >		

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 1 April 2012 - 31 March 2017. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2017. Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Pie Australasian Growth Fund are charged fund charges. In the year to 31 March 2017 these were:

	% of net asset value
Total fund charges	4.41%
Which are made up of:	
Total management and administration charges	
Including	
Manager's basic fee	1.63%
Other management and administration charges	0.00%
Total performance-based fees	2.78%
Other charges	\$ amount per investor
Other charges	\$0.00

See the Product Disclosure Statement for more information about the basis on which performance fees are charged.

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Lucy had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Lucy incurred a loss after fund charges were deducted of \$431 (that is -4.31% of her initial \$10,000). Lucy did not pay any other charges. This gives Lucy a total loss after tax of \$329 for the year.
