

Product Disclosure Statement

PIE AUSTRALASIAN GROWTH FUND
PIE AUSTRALASIAN DIVIDEND FUND
PIE AUSTRALASIAN EMERGING FUND

Part of the Pie Funds Management Scheme

DATED 11 MAY 2018

Issued by Pie Funds Management Limited

SOFT-CLOSED

This is a replacement PDS, replacing the PDS dated 13 December 2016.

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer at www.companiesoffice.govt.nz/disclose. Pie Funds Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1

Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Pie Funds Management Limited ('Pie Funds', 'we', 'us' or 'our') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Pie Funds and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

Three investment options are offered under this Product Disclosure Statement ('PDS'). The investments being offered are units in the Pie Australasian Growth Fund, Pie Australasian Dividend Fund and Pie Australasian Emerging Companies Fund (each a **Fund**, and together **the Funds**), which are funds within the Pie Funds Management Scheme. Each Fund has been 'soft-closed'. This means each Fund will generally not be accepting any further investments (by either existing or new investors).

These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in the 'Description of your investment option' section on page 7.

PRODUCT NAME	DESCRIPTION	FEES
Pie Growth Fund	<p>The Fund seeks to provide investors with long term capital growth by investing predominantly in smaller growth companies listed in New Zealand and Australia. Pie Funds invests where we consider value is greatest and the opportunity of earnings growth is high. The Fund may also invest in other financial products such as cash and unlisted equities.</p> <p>Potentially Lower Returns < > Potentially Higher Returns</p> <p>Lower Risk < > Higher Risk</p>	<p>Estimated annual fund charges (% of net asset value): 2.19%*</p> <p>Performance fee Yes - Performance-based fees are charged. The estimate above includes an estimated performance-based fee of 0.69% of net asset value. Please see 'What are the fees?' on page 9 for more information.</p>
Pie Dividend Fund	<p>The Fund seeks to provide investors with a regular dividend payment stream and long term capital growth by investing predominantly in smaller, dividend paying companies listed in New Zealand and Australia. Pie Funds invests where we consider value is greatest and the opportunity of earnings growth is high. The Fund may also invest in other financial products such as cash and unlisted equities.</p> <p>Potentially Lower Returns < > Potentially Higher Returns</p> <p>Lower Risk < > Higher Risk</p>	<p>Estimated annual fund charges (% of net asset value): 4.53%*</p> <p>Performance fee Yes - Performance-based fees are charged. The estimate above includes an estimated performance-based fee of 3.03% of net asset value. Please see 'What are the fees?' on page 9 for more information.</p>

<p>Pie Emerging Fund</p>	<p>The Fund seeks to provide investors with long term capital growth by investing predominantly in very small growth companies listed in New Zealand and Australia. Pie Funds invests where we consider value is greatest and the opportunity of earnings growth is high. The Fund may also invest in other financial products such as cash and unlisted equities.</p> <p>Potentially Lower Returns < > Potentially Higher Returns</p>  <p>Lower Risk < > Higher Risk</p>	<p>Estimated annual fund charges (% of net asset value): 5.57%*</p> <p>Performance fee Yes - Performance-based fees are charged. The estimate above includes an estimated performance-based fee of 4.07% of net asset value. Please see 'What are the fees?' on page 9 for more information.</p>
---------------------------------	---	--

*Management and performance fees are charged as a percentage of gross asset value. However, the law requires fees are disclosed as a percentage of net asset value. As a result, there may be discrepancies between the estimated charges in this document and actual charges incurred.

Performance fees are estimated using the annualised return (since inception) of each Fund.

'What are the risks of investing' on page 8 explains of the risk indicator and contains other information about risks not included in the risk indicator. To help clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://www.sorted.org.nz/tools/investor-kickstarter>.

Who manages the Funds?

Pie Funds is the manager of the Funds. See 'Who is involved?' on page 11 for more information.

What are the returns?

We intend to make bi-annual income distributions from the Dividend Fund on or about 30 June and 31 December. We do not intend to make any regular distributions from the Growth Fund or the Emerging Companies Fund, but retain discretion to do so. Please see 'How does this investment work?' on page 5 for more information. Total returns will be made up of movements in the Fund's unit price and any distributions.

How can you get your money out?

You may withdraw all or part of your investment in a Fund (subject to the applicable minimum withdrawal value, minimum investment amount and any deferral or suspension of withdrawals), by telling us in writing (**Withdrawal Request**). Please see 'Withdrawing your investments' on page 6 for more information.

You can sell your investment in the Fund but there is no established market for trading these financial products. This means that you may not be able to find a buyer.

How will your investment be taxed?

Each Fund is a portfolio investment entity (**PIE**) for tax purposes. The tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). This can be 0%, 10.5%, 17.5%, or 28%. See section 6 of the PDS 'What taxes will you pay?' on page 15 for more information.

Where can you find more key information?

Pie Funds publishes quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at www.piefunds.co.nz. We will give you copies of those documents on request.

How does this investment work?

How the Funds work

The Funds are offered under a registered management investment scheme (**the Scheme**) under the Financial Markets Conduct Act 2013 (**the FMCA**). The Scheme is known as the Pie Funds Management Scheme and is governed by a trust deed (**the Governing Document**) dated 20 July 2016 (as amended) between Pie Funds and Trustees Executors Limited (**the Supervisor**). Each Fund is established as a separate trust within the Scheme.

Each Fund is an investment that enables you to pool your funds with those of others. This pool is used to buy investments that are managed on behalf of all investors in the Fund. Your interests are represented by units, which confer an equal interest in the Fund and are of equal value, rather than directly receiving an interest in the Fund's assets. Your units will represent the value of your interest in the relevant Fund.

The number of units you receive is dependent on the amount of money you invest and the unit price as at the date your application is processed. The value of units in each Fund fluctuates according to the changing value of the assets in which the Fund is invested. It is intended that each Fund will be valued on each business day and unit prices are published monthly (on or about the last day of each month).

Each Fund has been 'soft-closed', which means that the Funds will not generally accept any further investments by either existing or new investors. We have the discretion to allow investment from time to time. In addition, limited capacity offerings may be made by us from time to time at our sole discretion. You can decrease the number of units you hold at any time by making a withdrawal.

We intend to make bi-annual income distributions from the Dividend Fund, declared on or about 30 June and 31 December. Distributions are paid to your nominated bank account within 20 business days of the date of declaration or you can elect to have your distributions reinvested in the Dividend Fund by way of the issue of additional units (provided that we may determine at our discretion that future distributions cannot be reinvested in the Dividend Fund due to it being 'soft-closed').

As at the date of this PDS, no distributions are intended to be made from the Growth Fund or the Emerging Companies Fund, but we retain the discretion to do so. Instead, income will be retained in the relevant Fund and reflected in the unit price.

Your total returns are determined by changes in the value of the underlying assets in the Fund and reflected in movements in the Fund's unit price and any distributions made to you. The key factor that will determine the value of your returns is the value of the investments made by the Fund. The total value of your investment in a Fund at any time is the number of units you hold in that Fund multiplied by the current unit price.

The assets of each Fund are the exclusive property of that Fund and the liabilities of each Fund are the exclusive liabilities of that Fund. The assets of a particular Fund are not available to meet the liabilities of any other fund in the Scheme.

Significant features

The Funds, through their investment in predominantly a concentrated portfolio of hand-picked Australian and New Zealand listed Smaller Companies (Growth Fund and Dividend Fund) or Emerging Companies (Emerging Companies Fund), have exposure to companies whose potential we do not consider to be fully realised by the market, but where we consider value is greatest and the opportunity of earnings growth is high. The Funds may also invest in other types of financial products such as cash and unlisted equities.

By Smaller Companies, we mean companies the shares in which we determine have a small Market Capitalisation (the total value of the company's shares on issue) relative to the exchange that they are listed on.

Emerging Companies refers to companies the shares in which at the time of investment have a Market Capitalisation of up to \$250 million in local currency.

Smaller and Emerging Companies may also include unlisted companies.

The Dividend Fund also offers exposure to Smaller Companies that exhibit a sustainable dividend distribution policy.

During periods of uncertainty, each Fund can increase its cash position up to a maximum of 100% of the portfolio to mitigate the risk of a severe decline in the value of the Fund's units.

Significant benefits

Investing in the Funds offers a range of benefits, including:

- **Access to investments:** The Growth Fund and Dividend Fund provide exposure to listed Australian and New Zealand Smaller Companies and the Emerging Companies Fund provides exposure to listed Australian and New Zealand Emerging Companies.
- **Investment return:** The Funds aim to provide you with above average investment returns and to achieve long term capital growth by investing in a concentrated portfolio of hand-picked listed Smaller Companies (or Emerging Companies in the case of the Emerging Companies Fund). The Dividend Fund also aims to provide you with a regular dividend payment stream.
- **Team:** The Funds offer access to Pie Funds' experienced investment team, with particular expertise in managing investments in Smaller Companies. Pie Funds actively manage each Fund.
- **Reporting:** Fund performance information is available at www.piefunds.co.nz. In addition, you will have access to quarterly fund updates, an annual report and an annual PIE tax certificate following each Fund's financial year end (31 March).

Making investments

As at the date of this PDS, the minimum initial investment amount for the Funds is \$25,000.

The Funds have been 'soft-closed' (with only limited capacity offerings being made from time to time at our sole discretion).

In the event that an invitation is received from us to invest in any of the Funds, you may invest any amount from the minimum investment amount in New Zealand dollars up to any maximum amount determined by us by completing the application form accompanying this PDS (the Application Form) and sending your original Application Form and cheque or direct credit payment (as applicable) to Trustees Executors Limited (in its capacity as the registrar of the relevant Fund) at the address specified in the Application Form).

In the event that an invitation is received from us to make additional investments in any of the Funds, additional investments can be made in accordance with the process above. The minimum additional investment amount is \$1,000.

Subject to the Governing Document, we can vary or waive minimums either generally or for selected investors.

Withdrawing your investments

You may withdraw all or part of your investment in any of the Funds by completing, and providing to us, a withdrawal request in the form required by us (**Withdrawal Request**) (subject to any deferral or suspension of withdrawals). Withdrawals will be effected on the date which is twenty (20) business days for the Growth Fund and the Dividend Fund, or three (3) calendar months for the Emerging Companies Fund after the date of us receiving a completed Withdrawal Request (**Withdrawal Date**). The applicable unit selling price will be calculated as at the Withdrawal Date, not the day the Withdrawal Request is received by us. The unit selling price is calculated by dividing the net asset value of the relevant Fund by the number of units on issue in the Fund on the Withdrawal Date.

The minimum withdrawal amount is NZ\$1,000 (unless the Withdrawal Request relates to all units held by you in a Fund). You will generally not be permitted to decrease your investment in the Fund to less than the minimum initial investment amount.

We may, on 30 days' written notice to you, compulsorily withdraw your units from the Fund if your balance falls below the minimum investment amount of the relevant Fund and pay the proceeds to your nominated bank account. In certain cases, we may also withdraw your units if it is necessary for a Fund to maintain its portfolio investment entity (**PIE**) status.

Right to sell units

Provided the applicable minimum initial investment amount is met, you may sell or transfer all or any of the units you hold in a Fund. The transfer instrument must be in writing in any usual or common form which we approve and signed by both the transferor (you) and the transferee (the person the units are being sold or transferred to). We can decline to register a transfer if the withdrawal conditions detailed above are not met, if any duties, taxes or other commissions, fees and charges are unpaid or for non-compliance with the law.

Suspending withdrawals

We may suspend Withdrawal Requests in respect of a Fund:

- for a period determined by us if Withdrawal Requests (received in a three month period) relate to more than 5% of the number of units on issue for that Fund and we consider that it is in the general interests of all investors in that Fund to do so in accordance with the Governing Document;
- for a period determined by us if Withdrawal Requests (received in a three month period) relate to more than 10% of the number of units on issue for a Fund (after notifying the Supervisor); and
- for up to 90 days (or such other period determined by the Manager in consultation with the Supervisor) if we determine that the withdrawal is not practicable, would or may be prejudicial to the general interest of investors in the relevant Fund, is not desirable for the protection of the relevant Fund, or would threaten the Fund's eligibility for PIE status and we give a repayment suspension notice to the relevant investors and the Supervisor.

Where Withdrawal Requests are suspended, the withdrawal price payable to investors will be calculated on the day the units are withdrawn. We can vary or waive the minimum withdrawal amounts at any time.

How to switch between funds

As at the date of this PDS, you may only switch from the Fund by delivering a notice in writing to us (provided the relevant fund you are switching to has not been 'soft-closed'). The minimum switch amount is NZ\$1,000, provided the amount held in the Funds you are switching from and to will continue to have at least the applicable minimum initial investment amount, unless the switch is in respect of your entire investment in a Fund. Please ensure you read the Product Disclosure Statement of the fund you are switching to.

A request to switch will be treated as though it was both a Withdrawal Request and an application for units in the relevant fund you are switching to and we will apply the withdrawal proceeds in payment of the application moneys due. Each unit sold or issued by us in accordance with a switch request will be sold or issued at the relevant unit price.

3

Description of your investment option

PRODUCT NAME	INVESTMENT OBJECTIVES AND INVESTMENT STRATEGY	SUGGESTED TIMEFRAME
<p>Pie Growth Fund</p>	<p>The Fund seeks to provide investors with long term capital growth by investing predominantly in smaller growth companies listed in New Zealand and Australia. Pie Funds invests where we consider value is greatest and the opportunity of earnings growth is high. The Fund may also invest in other financial products such as cash and unlisted equities.</p> <p>Potentially Lower Returns < > Potentially Higher Returns</p> <p>1 2 3 4 5 6 7</p> <p>Lower Risk < > Higher Risk</p>	<p>5 years minimum</p>
<p>Pie Dividend Fund</p>	<p>The Fund seeks to provide investors with a regular dividend payment stream and long term capital growth by investing predominantly in smaller, dividend paying companies listed in New Zealand and Australia. Pie Funds invests where we consider value is greatest and the opportunity of earnings growth is high. The Fund may also invest in other financial products such as cash and unlisted equities.</p> <p>Potentially Lower Returns < > Potentially Higher Returns</p> <p>1 2 3 4 5 6 7</p> <p>Lower Risk < > Higher Risk</p>	<p>5 years minimum</p>
<p>Pie Emerging Fund</p>	<p>The Fund seeks to provide investors with long term capital growth by investing predominantly in very small growth companies listed in New Zealand and Australia. Pie Funds invests where we consider value is greatest and the opportunity of earnings growth is high. The Fund may also invest in other financial products such as cash and unlisted equities.</p> <p>Potentially Lower Returns < > Potentially Higher Returns</p> <p>1 2 3 4 5 6 7</p> <p>Lower Risk < > Higher Risk</p>	<p>5 years minimum</p>

The Scheme has a Statement of Investment Policy and Objectives (**the SIPO**) that Pie Funds has established in consultation with the Supervisor. The SIPO sets out the investment philosophy, strategies and objectives for each fund. Pie Funds may make changes to the SIPO and provide the Supervisor with prior written notice of these. If we propose to change the SIPO in a manner which materially affects investors, we will also give affected investors at least 30 days' prior written notice of the change. Further information about the assets in the Fund can be found in the fund updates (when prepared) and the SIPO available at www.piefunds.co.nz and on the Disclose website at www.companiesoffice.govt.nz/disclose.

4

What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

For the risk indicator for the Fund, see pages 2 and 7.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the period from 1 April 2013 to 31 March 2018. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for this Fund.

General investment risks

Some of the things that may cause a Fund's value to move up and down, which affect the risk indicator, are:

- **Company specific risk:** a Fund may be affected by unexpected changes in a company's operations, shareholder base, governance and/or ownership structure, business environment or solvency;
- **Market risk:** the performance of a Fund will be affected by the performance of investment markets generally. The value of investments may go up or down in line with market movements. Markets will be affected by a range of factors including investor sentiment, political events, inflation, prevailing interest rates, economic and regulatory conditions and broader events like changes in technology and environmental events;
- **Investment manager risk:** investment management decisions (such as allocation of a Fund's investments between asset classes, investment sectors and individual investments) made by us may affect the Fund's returns, as will the performance of the businesses underlying the investments;
- **Currency risk:** as a portion of the underlying investments of a Fund may be invested in overseas jurisdictions in foreign currencies, returns may be affected by movements between other currencies and the New Zealand dollar; and
- **Key personnel:** the departure of any of Pie Funds' key personnel could impact on the performance of a Fund if we were unable to recruit a suitable replacement. Pie Funds has a small team. Many of the staff have had a long tenure at Pie Funds.

Other specific risks

- **Liquidity risk:** we may not be able to easily convert some investments into cash and withdrawals may be suspended because of either inadequate market depth, disruptions in the market place, investment into illiquid securities or our inability to accurately value securities; and
- **Portfolio concentration risk:** As the Funds may hold a concentrated portfolio, returns of the Funds may be dependent upon the performance of individual investments. The concentrated exposure may lead to increased volatility in a Fund's unit price and may affect performance.

5

What are the fees?

You will be charged fees for investing in the Funds. Fees are deducted from your investment and will reduce your returns. If Pie Funds invests in other funds, these funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term; and
- one-off fees (for example, any individual action fees).

PIE GROWTH FUND	
Annual fund charges (estimate) % of net asset value	
Management fee	1.50%
Estimated performance-based fee	0.69%
Total	2.19%

PIE DIVIDEND FUND	
Annual fund charges (estimate) % of net asset value	
Management fee	1.50%
Estimated performance-based fee	3.03%
Total	4.53%

PIE EMERGING FUND	
Annual fund charges (estimate) % of net asset value	
Management fee	1.50%
Estimated performance-based fee	4.07%
Total	5.57%

Actual fund charges will depend on the actual performance of the underlying investments and this will vary from the estimates. Actual charges will be available in the latest fund updates (when prepared). For more information on the basis of estimation of fees and expenses, see the Other Material Information document at www.companiesoffice.govt.nz/disclose.

Annual fund charges

The annual fund charges for the Funds are made up of:

- the management fee; and
- the performance-based fee.

Fees are exclusive of GST, where applicable.

As at the date of this PDS, there are no individual action fees charged in respect of the Funds. Under the Governing Document, Pie Funds can introduce entry or exit fees, a buy/sell spread or a switching fee on three (3) months' written notice to investors.

Management fee

The Fund has an annual management fee which is accrued on a daily basis and paid to Pie Funds monthly in arrears.

As at the date of the PDS, the management fee is 1.5% of the gross asset value of each Fund.

Pie Funds pays the Supervisor's fees, custodian's fees and all expenses associated with the running of the Funds (excluding any brokerage or transaction fees incurred for buying and selling investments) out of the management fee. As at the date of this PDS, these fees and expenses will not affect the amount of returns to investors from the Funds.

Performance-based fee

A performance-based fee is charged in relation to a Fund where the net asset value per unit for the Fund exceeds the relevant Fund's High Water Mark. Further detail in relation to the performance based fee on the next page.

	DESCRIPTION
How the performance-based fee is charged	Where the net asset value per unit for the Fund exceeds the High Water Mark. The High Water Mark is the net asset value per unit (before tax) at the end of the most recent period in respect of which a performance-based fee was paid to us. No performance-based fee is paid if the High Water Mark is not reached for the relevant performance period (see below).
Performance-based fee on excess return	The performance-based fee is equal to 15% of the amount by which the performance of the Fund exceeds the High Water Mark, for the relevant performance period (see below).
Performance payment review date and performance period	The performance-based fee for the Fund is accrued each business day and payable six monthly within 10 business days of 31 March and 30 September (Growth Fund and Emerging Fund) and 30 June and 31 December (Dividend Fund), provided this can be changed by agreement between us and the Supervisor.
Performance-based fee cap	There is no cap on the level of performance-based fee.
Hurdle rate of return	N/A. This means that there is no minimum return (other than the High Water Mark) that must be achieved before a performance-based fee applies.
Linked to a benchmark?	No, the Fund's performance-based fee is not linked to the performance of a benchmark. So, a performance-based fee may be paid even if the Fund does not achieve (after fees but before tax) the return of the market index. However, the predicted performance used to estimate the annual funds charges is based on the average annual return of the relevant benchmark for the last 5 years. See 'Example of how fees apply to an investor'.

Example of how fees apply to investors for the Growth Fund

Lucy invests NZ\$10,000 in the Growth Fund.

Lucy is charged management and administration fees, which work out to about NZ\$219 p.a. (2.19% of NZ\$10,000)*. These fees might be more or less if her account balance has increased or decreased over the year.

Lucy may also be charged a performance-based fee, if her fund earned more than its High Water Mark.

Estimated total fees for the first year*

Fund charges: NZ\$219

Fund charges include estimated management charges (about NZ\$150) and an estimate of performance-based fees (about NZ\$69**).

See the latest fund update available at www.companiesoffice.govt.nz/disclose for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Growth Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

**The management fees and performance-based fees are charged as a percentage of gross asset value. However, the law insists that fees are disclosed in this PDS as a percentage of net asset value. As a result, there may be some discrepancies between the estimated charges as set out in this example and the actual charges incurred. Gross asset value represents the total value without deducting any fees or liabilities whereas net asset value has already taken fees/liabilities into account.*

*** The estimated performance-based fee is based on the the annualised return of the fund since inception.*

The fees can be changed

Either Pie Funds or the Supervisor may increase fees or impose new fees (for example, entry or exit fees or switching fees) in relation to the Fund on giving three (3) months' written notice to investors.

Pie Funds must publish a fund update for each Fund showing the fees actually charged during the most recent year. Fund updates are available at www.piefunds.co.nz.

6

What taxes will you pay?

The Fund is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (**PIR**). To determine your PIR, go to www.ird.govt.nz/toii/pir/pir-index.html. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Pie Funds your PIR when you invest or if your PIR changes. If you do not tell Pie Funds, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax.

Please refer to the Other Material Information document at www.companiesoffice.govt.nz/disclose for further information on the tax consequences of your investment.

7

Who is involved?

About the Manager

Pie Funds is a boutique fund manager established in 2007. Our aim is to minimise risk and maximise profit through the application of our specialised investment philosophy, methodology and expertise, providing you with above average investment returns by investing in a concentrated portfolio of hand-picked listed companies.

Pie Funds

Level 1
1 Byron Avenue
Takapuna
Auckland 0622
Attention: Client Services Manager
Telephone: +64 9 486 1701
Email: clients@piefunds.co.nz

Who else is involved?

- **Supervisor**
Trustees Executors Limited
Responsible for supervising the Fund under the Financial Markets Conduct Act 2013, responsible for supervising Pie Funds as manager of the Fund.
- **Custodian**
Trustees Executors Limited
(acting through its nominee company T.E.A. Custodians Limited)
Appointed by the Supervisor to hold assets of the Fund on behalf of investors.
- **Administration Manager**
Securities Services division of Trustees Executors Limited
Appointed by Pie Funds to provide administration functions for the Fund.

8

How to complain

Our clients are important to us so if you have any concerns, please, in the first instance, direct any complaints to:

Pie Funds Management Limited

Level 1

1 Byron Avenue
Takapuna
Auckland 0622

Attention: Client Services Manager
Telephone: +64 9 486 1701
Email: clients@piefunds.co.nz

If we are unable to resolve your complaint, you may also contact the Supervisor at:

Trustees Executors Limited

Level 7

51 Shortland Street
PO Box 4197
Auckland 1140

Attention: Senior Manager, Client Services
Telephone: +64 9 308 7100

Both Pie Funds and the Supervisor are members of an independent, approved dispute resolution scheme run by Financial Services Complaints Limited (**FSCL**). If your complaint has not been resolved, or if you are not happy with the resolution, you may contact FSCL. You can contact FSCL at:

Financial Services Complaints Limited

Level 4, 101 Lambton Quay
Wellington 6011
PO Box 5967
Wellington 6145

Telephone: 0800 347 257
Website: www.fscl.org.nz

FSCL will not charge a fee to you to investigate or resolve a complaint.

9

Where you can find more information

Further information relating to the Scheme and the Funds is available on:

- our website: www.piefunds.co.nz; and
- the offer register and scheme register (for example, financial statements) at www.companiesoffice.govt.nz/disclose.

You are entitled to a copy of the information on the offer register or scheme register on request to the Registrar. You can also obtain a copy of any of these documents on request and free of charge from Pie Funds at the address under 'Who is involved?' on page 11.

10

How to apply

The Funds have been 'soft-closed' (with only limited capacity offerings being made from time to time at our sole discretion).

In the event that an invitation is received to invest in any of the Funds, an application can be made by completing all sections of the Application Form and paying any required application monies, or transferring to the Fund, the authorised investment agreed to be acquired by us.

We may, in our absolute discretion, accept or reject, in whole, any application or postpone the processing of the application pending receipt of cleared funds. We are not required to give any reasons for a refusal or a postponement. Application monies received in respect of rejected applications will be refunded as soon as practicable, without interest.
